Fellowship of Christian Athletes Honored Emery O. Johnson

At its fall 2010 banquet, the Fellowship of Christian Athletes (FCA) honored Emery O. (E.O.) Johnson with two significant awards – The Tom Landry Award and the Life Time Award. Both awards recognized E.O.’s generosity, the Tom Landry Award for annual giving and the Life Time Award for lifetime giving. E.O. was present to receive the awards. Although the awards have been awarded nationally to various donors, it was the first time these awards were given in North Central Wisconsin.

“E.O. caught the vision of what we do and he wanted to partner with us in reaching the sport world for Christ, especially in the schools, the student athletes, and coaches,” the organization stated. “These awards are our way of saying thank you and honoring him for his generosity. We hope others will take note and join E.O. Johnson by donating and investing in this ministry.”

FCA is a sports ministry that impacts school campuses for Christ by providing resources and support to coaches and student athletes. Activities include huddle groups at area middle and high schools and colleges; study groups for coaches; and camps/clinics to help coaches and
