Pure Water Technology Attends Top Ten Dealer Meeting

Wausau, WI – Pure Water Technology was invited to attend PHSI's Top Ten Dealer Council meeting. Pat Brogan, Water Division Manager for EO Johnson Offices Technologies' Pure Water Technology, attended the Top Ten Dealer Council meeting July 30 – August 1, 2009 in Sandpoint, Idaho. Brogan will serve on the Council for the next 12 months.

Pure Water Technology is a division of EO Johnson Office Technologies and provides PHSI's point-of-use pure drinking water systems for businesses. EO Johnson Office Technologies introduced PHSI's Pure Water Technology in its markets three years ago. The systems provide environmentally-friendly, bottle-less pure drinking water solutions to businesses that want to provide pure and healthy drinking water to their employees and customers.

EO Johnson Office Technologies is a leading distributor of print/document equipment and management systems. The company's Pure Water Technology division provides point-of-use drinking water systems. The company has offices in Wausau, Eau Claire, and La Crosse, Wisconsin and Rochester, Minnesota.
